## General Remarks.

1st. Waynesburg College is situated at Waynesburg, the capital of Greene county, Pa. The location of the institution possesses unusual advantages in regard to health, and compares

favorably with other villages in morality and intelligence. It has a population of about 1,500. There are in it six churches.

2d. The College building is a three-story brick edifice, containing a Chapel, Society Halls, Rooms for Recitations, Libraries, Apparatus, &c.

3d. The Course of Studies in the Institution is designed to embrace the latest improvements; the Text Books are prepared by the most accomplished scholars, and the method of instruction is calculated to impart thorough knowledge of the branches studied.

Students in Philosophy and Chemistry have the advantage of an extensive apparatus, selected in view of illustrations and public lectures.

4th. Parents and guardians are assured that strict attention will be given to the moral as well as to the intellectual culture of the ladies and gentlemen who may attend the Institution.—The government is designed to be parental, and will be mildly, but strictly enforced, securing attention to study by cultivating in the youthful mind a taste for intellectual pursuits and virtuous habits.

5. *Boarding* can be had in private families at moderate rates.

Those desiring it can board themselves at an expense not exceeding seventy-five cents per week. This statement is based upon actual experiment, and the plan is recommended to students expecting to attend the Institution.

Information upon this subject may be had by writing to any member of the Faculty, or to J. LAZEAR, Esq., of Waynesburg, Pa.

The Academic Year embraces two sessions. The first session commences on the first Monday in November, the second on the first Monday in May. Vacation months, October and April.
